George W. Saum reports conditions on Elm Place from Orange Place to the bridge are worse than ever this year, and unless we have a policeman to make trips regularly until winter these conditions cannot be overcome.
The trouble starts now with the boys from about 2-P.M. to 6-P.M. and from 7-P.M. to dark, week days and all day Saturday and Sunday.
It is useless for a man to make a trip down here any other time as the boys are not around.
We really feel sorry for these boys as they seem to have no place to play ball excepting in the middle of the street.

Det J. Denny. I hereby report that at about 5 PM I notice the fire apparatus travelling east on East 2nd St to answer an alarm, I followed and notice that they stopped at 114 Richmond St where smoke was coming from the rear of the house. I entered the kitchen through a rear door - and found Chief Dunn and several of his men extinguishing a fire which was burning a table and a chair in there. The body of a woman lay in the center of the floor with all of her clothing burned off and her skin entirely blackened from the top of her head to the soles of her feet, she showed no signs of life and Dr Samuel Breslaw of Muhlenberg Hospital arrived and pronounced her dead from third degree burns. I learned that her name was Mrs Margaret McIntyre and she kept house at that address for herself and her son John, From appearances it seemed that Mrs McIntyre who is 82 years old was preparing the evening meal on a gas stove when her clothing became ignited, she then ran to the sink and turned on the water in an attempt to put out the flames but they must have overcome her and she fell against the table and chair and then to the floor. Miss Katherine Giddes who has a room upstairs smelled some smoke and upon coming down to investigate saw Mrs McIntyre on the floor and some of her clothing still burning she attempted to beat out the flames but was unable to due so and then phone to the Fire Department, I notified Sergt Bader who in turn called Dr Brokow the coroner and said to allow the county Undertaker Mr C. A. Higgins to remove the body. Mrs Christian Peterson a daughter of Mrs McIntyres had been visiting her and left her in good spirits at 3:30 PM she was the last person to see her alive

F. Loonin Patrolman I hereby report that at 12-50 A.M. as I was approaching West Third St. and Halsey St. I smelled smoke as though rags were burning. I found the Grocery Store of H. Goorinsky at 1123 West Third St. full of smoke and it was coming out of the transome. I phoned Sergt. Boolyn and asked him to send the chemical from Narrow Av. and West 4th St. to this store. The firemen discovered that it came from an over heated electric motor, no damage was done, the motor was in the cellar and Mr. Goorinsky told me it had not been working very good for the past few days. I helped him board up the door which was broken by the firemen and we then nailed the screen door so it could not be opened.

Officer Mansfield I hereby report at 12-38 A.M. Sergt. Brown sent me to 626 East 4th Street Plfd. N.J. stating that it was a gas case. On arriving there I learned from James Booker that he returned home about midnight, and heard his son Marvin, age 17, yelling in his bed room, and on investigation he found the boys door was locked, he then went out on the roof and got in the bed room through the window, to find his son lying on the floor with a gas get turned on. He immediately opened the bed room door and carried the boy down stairs to the front porch, where the emergency squad from Fire Edgrs. in charge of Chief Dunn used Artificial respertation, to bring the boy around. Mr. Booker said he did not know what time Marvin had retured for the night, or did he hear the boy complain of anything being wrong. Officer Wilson was at the scene when I arrived.

Mr. Jack George of 933 West 4th Street, Plainfield, N.J. age 24, while standing in the door way at the corner of Park Ave and 4th Strut waiting for a bus fainted and fell hitting his head against the door, I hailed Martin Biederling a taxi driver who helped me put Mr. George in his car and then drove him to the hospital. The only excuse as explained by Mr. George that might have caused the spell was an injury to his ankle received playing football. This bruise had effected his entire leg as well as his groin. Officer Mansfield, A. Hurley report at 5-45 P.M. Sergt. Bader sent me to W. 7th Strut and Lee Place. On arriving there I met Mr. & Mrs. Charles Bloom of 727 Monroe Ave, Plfd. N.J. and Mr. Charles A. Rice of 834 W. 7th Strut, Plainfield, N.J. Mr. Bloom stated that while he and his wife were walking west on 7th Street crossing the intersection of Lee Place they noticed a ladys hat, purse and fur piece laying on the strut, and on investigation they found a woman laying in the strut, apparently had been struck by an automobile. Mr. Bloom immediately went to Mr. Rices home and notified Mr. Rice who in turn notified Police Hdqrs and summoned the Muhlenberg Hospital ambulance. Det. Sergt. Gray who investigated the case learned at the hospital, the injured woman was Mrs. Rosa Buckle, age 69 of 963 W. 6th Strut, Plainfield, N.J. Neither Mr. Bloom or Mr. Rice heard any noise before learning of the accident. Capt. Leorch and I went to 7th Strut and Lee Place with a large spot light but could not find any skid marks, glass or any sign of wether the woman had been dragged along. Mrs. Buckles eye glasses, hat, purse and scarf were laying about at the center of the intersection of Lee Place and 7th Strut. Mrs. Buckle was laying in the strut on Lee Place about 40 feet north of 7th Street curb and about 10 feet from the east side curb line of Lee Place.

Officer A. Erber, I hereby report that about 3-45 P.M. Sergt. Bader sent me to Muhlenberg Hospital to investigate a call that someone had been brought to the hospital suffering from a gun shot wound. My investigation disclosed that Louis Nathan age 47, Salesman of 195 Vernon Ave, Brooklyn, N.Y. Registration 2K 2189 N.Y. drivers license 845408 N.Y. while driving his car west on West Front Street near Brokaw Boulvard, some thing struck the windshield of his car breaking a small hole in it. A very small piece of glass struck him under his right eye. Was treated by Dr. Dillenberg and went home. The windshield had the appearance as if a small stone broke the glass. There was nothing that indicate that it was a shot. Officers Bray, Flynn and Lieut. Lafferon saw the car.

John A. Brower Manager Plainfield Trust Co. reports he has complained to the Trade Unions that sent offic in the Babcock Building several times about the men loafing all day on front of the Babcock Building and I am writing them another letter today.

As far as I can see it, the chief offender is Dick Scott who is a delegate of the machinist. It seems to me that if you can get in touch with this party and tell him that he must stay up in his office and keep from in front of our building that this would correct the trouble and it would be very much appreciated by us, as our merchants are all complaining and I am afraid it will be the means of our losing tenants.

William R. Peterson Patrolman I hereby report that at 1-15 P.M. Sergeant Bader sent me to the Highway Service Station at South Ave. and Scott Ave. to investigate some trouble there. I learned from William Brock of 250 Front St. Dunellen N.J. who is the attendant at the Gas Station. That when he opened the station in the morning at 7 A.M. that he saw Mr. Samuel Safron Deceased, sitting in a Chevrolet Coupe. He thought that Safron was asleep as he was in the habit of sleeping in the car at times and he did not disturb him. At 1-00 P.M. Steve Austin of 522 East Second St. came in the station and asked Brock where the boy was. Brock told him in the car asleep in his car. Austin went to the rear of the station and called Safron but got no reply. He then shook him and saw the man was dead. My investigation showed that a stick had been placed from the seat to the gas pedal and the ignition switch was turned on the car ran till it was all out of gasoline. I notified Sergeant Bader that the man was dead and appeared to be a suicide. He notified Muhlenberg Hospital to send the Ambulance to the scene Dr. Dillenberg the Ambulance Doctor pronounced the man dead. Captain Leech Lieut. Safron and Officer Bray were also sent to the scene. Mr. Walter T. Hoover 742 Webster Place told me he was going by the station last night about between 10-30 P.M. and 10-50 P.M. when he heard the engine running and thought nothing of it, at the time because he thought it was the air compressor running. The body was taken to Kriggin Morgue Mr. Safron was 50 Years old and had a room some where on East 5th St. but I could not learn where. Dr. Bockaw County Physician was notified. Chief Charles R. Flynn was in charge of the investigation.
